

Secrets Revealed: Incorporating Extractions, Grafting, Implants and More in Today's Economy!

"Recession Proof"

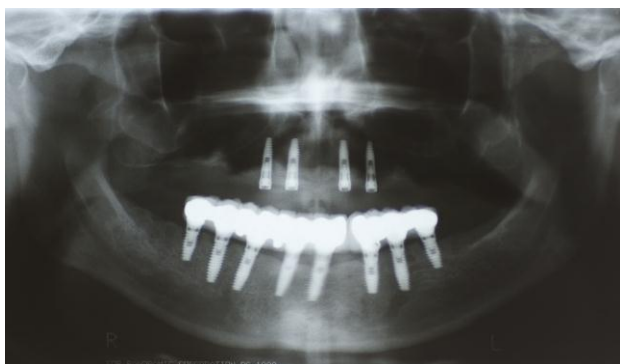

your office by incorporating these concepts into your general practice!

September 22, 2012 Sat.

Attending this One Day Seminar & **LIVE SURGERY** you will learn:

- Case presentation that works in any economy
- Dynamics of Simple Implant Placement & Restoration
- Learn About Mini, Hybrid and Traditional Implants
- 3D Planning with 3DDX Treatment Planning Services
- Overdentures, Hybrids, and Fixed Bridges on dental implants

- Atraumatic Extractions and Grafting Simplified
- Immediate Implant Placement & Progressive Loading
- Advantages of Zirconium Crowns & Bridges reviewed
- Marketing that gets patients in to accept treatment
- Troubleshooting Rehabilitation and Reconstruction cases

"Your presentation was fabulous and we all learned a lot. The clinical instruction was awesome as well and it was everything we had hoped it would be, and more. BTW, the implant case I did Monday was great, thanks to you!" Dr. Doskoris, MI.
